Hi Andrew and Barbara,

Here is what I have so far for susceptibility. Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Perhaps, we could hold a meeting and go through this with group to finalize...it may be best way to get feedback. Unfortunately, I will be on a very tight schedule with n-butanol...I might need to get this reassigned as they both need to move forward quickly. However, if we could get it done in a few hours meeting with everyone, I can find that amount of time. I've tried to keep it moving to this point.
